Summary

- 4.9+ Years of experience in software engineering with a keen focus on Mobile Application Development.
- Has extensive experience in integrating with 3rd party SDKs and also strong knowledge on integrating Social Media networks like Facebook, Twitter, Instagram.

Profile

- Experience in **Native Android** and Hybrid Framework such as **PhoneGap(Android & iOS)**.
- Frameworks with Experience:
 - **Mobile Frameworks:** *Android SDK, PhoneGap(Android & iOS).*
 - **Web Technologies:** *Javascript, jQuery, HTML/CSS*
 - **Data Storage:** *SQLite.*
 - **BAAS:** *Dreamfactory, Firebase.*
 - **Social Integrations :**
Facebook, Twitter, Instagram, LinkedIn, G+, Pinterest, Flickr, Tumblr.
 - **Analytics Frameworks:** *Google Analytics, Splunk.*
 - **Continuous Integration :** *Jenkins*
- Able to prioritize tasks and workloads in order of importance.
- Hands-on knowledge on Amazon Web Services(AWS).
- Hands-on Knowledge on Web hosting and deployment with AWS and other providers.

Experience:

Tata Consultancy Services Ltd (Dec 2015 - Till Date)

IT Analyst - July, 2017 to Present

Systems Engineer - Dec, 2015 to June, 2017

Sysvine Technologies Pvt. Ltd (June 2013 – Nov, 2015)

- Software Engineer Level - II- April, 2015 to Nov, 2015
- Software Engineer Level - I - April, 2014 to March, 2015
- Software Engineer Trainee - June, 2013 to April, 2014

Southern Info Systems (Dec 2012 – June 2013)

Software Intern in Android

Other Skills:

Equity Trading:

Buying and selling stock at US stock exchanges on behalf of investors.

Analysing companies and trading opportunities in order to make trade decisions.

Projects Experience:

Bank of America(Dec 2015 - Till Date)

Bank of America (abbreviated as BoA or BofA) is an American multinational banking and financial services corporation headquartered in Charlotte, North Carolina. It is the second largest bank holding company in the United States by assets. As of 2013, Bank of America is the twenty-first largest company in the United States by total revenue. In 2010, Forbes listed Bank of America as the third biggest company in the world

Roles and Responsibilities :

- Develop new features for Bank of America.
- Refactoring application(implemented Dagger 2, and MVP)
- Creating Shareable components which can be used across other Bank of America applications(Wealth Management, Retail Banking).
- Implementing analytics (internal Framework)
- Continuous support during SIT Phases.

Technologies:

Android, Gradle, Dagger.

My Knovel ToGo (Dec 2013 – Nov 2015)

Knovel is a subsidiary of Elsevier Corporation, a 150-year old publishing company based all over the world. I am a part of a team of 25+ members(includes Mobile/Web/Server), distributed around the globe. Knovel Platform is about having a knowledge base for Engineers. It has engineering content from books, journals and extranet web sources.

Roles and Responsibilities:

- I was developing Tablet application called **My Knovel ToGo** to download Knovel Platform books, view TOC of books and able to read PDF's.
- Integrated third party PDF library with application to read PDF's in both Online and Offline. Creating Bookmarks and Annotations within the PDF and syncing with other Knovel Products. Daily interaction with the client.
- Being an individual player in the mobile dev, I had the entire responsibility right from the Analysis phase to Development phase.
